

CONTROL TRAINING SITE

<http://www.supelec.fr/lss/CTS>

Marie Curie Fellowships

A Multi-partner Marie Curie Training Site of 29 Institutes, entitled Control Training Site will be funded by the European Commission from January 2002. Three to twelve months of full fellowship support are available. The CTS addresses any European student starting the doctoral studies or pursuing doctoral studies in the large domain of control, including various domains of control theory, optimization and control engineering. Qualified applicants can either complete their first-year doctoral studies, by choosing some courses proposed by the CTS, or can obtain a complete first-year certificate, or can access to the training site in order to enhance their already started doctoral studies.

CTS Board:

A. AGRACHEV (co-director)
 F. LAMNABHI-LAGARRIGUE (co-director)
 F. ALLGOWER
 O. H. BOSGRA
 B. JAKUBCZYK
 G. SALLET
 F. SILVA LEITE
 P. VAN DOOREN
 A. ZINOBER

Besides numerous research projects, a large choice of courses will be delivered at the following places

- Dutch Institute of Systems and Control (DISC), Delft, Netherlands
- Institut Henri Poincaré (DEA control modules), Paris, France
- International School for Advanced Studies (SISSA), Trieste, Italy
- Graduate School in Systems and Control (AUTO), Louvain-la-Neuve, Belgium
- Institute for Engineering Cybernetics, Stuttgart, Germany
